

Burial repatriation and Funeral support

The loss of a loved one will always remain one of the most traumatic events in our lives.

While no-one can make it easier to lose a loved one, Sanlam Group Risk (SGR) can lighten the load by transporting the deceased back home if the death occurred far from his/her home base.

The Burial Repatriation and Funeral Support benefit is a service that allows for the transport of the deceased member's body back home to the final funeral home closest to their place of burial in South Africa, if the death occurred far from his/her home.
